install & create

We are aligned with the best building contractors, installers and specialists in the industry to ensure that the design on paper translates into a unique LimeGreen space that leaves you completely satisfied with the finishing and quality.

Every awe-inspired space is a shade of LimeGreen!

Where new trends meet island style.

LimeGreen's product specialists worked closely with the architects and interior designers to create a new look for the St Regis Hotel in Mauritius, which now offers a wonderful combination of modern shapes and the latest trends in flooring, intertwined with the old-world island style and a touch of the colonial.

All tiles were sourced, supplied and installed by our teams and the end result is awe-inspiring.

DSGN (South Africa)

Tile Range:
Natural Stone Black & White Marble

Surface Look:
Polished

what is
a **life**
space?

It's a space where we share special moments with friends and family.
Within these spaces we must become inspired, motivated and recharged.
The physical space within which one lives and moves has a very great effect on your life.

This is why it is so important to shape your life space to reflect who you are.

“ The home
should be the
treasure chest
of living. ”

Le Corbusier
Pioneer in modern architecture
and urban planning.

Custom colour to meet your style needs

This design mash-up, by Sketch Interior Architects of old school Italian pizzeria, New York Diner and vintage Ed Hardy flair, has created a unique atmosphere. Distressed walls with graffiti, vintage tile patterns and industrial lighting blend with bold diner style bench seating and edgy decor.

The result is a space that's equal parts gritty, tongue-in-cheek and irresistible - the perfect spot to devour a slice (or 3) of pizza!

Various

Architect:
Sketch Interior Architects

Tile Range:
Various (Pure HBC, Wadi, Marazzi,
Clay, Menorca)

what is
a **work**
space?

We perform at our optimum in these spaces.
We engage with the world and form professional relationships.
These are our spaces to be efficient and productive.
They reflect our abilities, personalities and attitudes.
The spaces we occupy shape who we are and how we behave.

Therefore, they need to be energetic, empowering and visually inspiring.

“Form and
function should
be one, joined
in a spiritual
union.”

Frank Lloyd Wright
Architect and interior designer.

If your space is the canvas, then porcelain tiling is the paint. The possibilities are endless! Get in touch to find out more about our extensive combination of designs, colours, textures, shapes, finishes and sizes.

LimeGreen brings you the finest quality porcelain and ceramic tiles, carefully sourced and supplied from selected locations around the world. Our comprehensive range of tiles, from the most robust and specialised porcelain floor tiles to the finest decorative ceramics, will suit any project type.

With access to over 100 top factories worldwide, offering the latest in international trends and fashions, we consider ourselves leaders in our field.

Working together to shape the perfect life and work spaces.

At LimeGreen, we collaborate with many of South Africa's leading designers, architects, building and construction specialists, working together to shape the perfect life and work spaces.

The Discovery building in Johannesburg is one that truly takes your breath away. The design of this 110,000m² landmark corporate facility, located in Sandton, aimed to inspire and motivate both staff and visitors alike.

The project was a creative collaborative journey between LimeGreen and Boogertman and Partners architects. Taking over a year to complete, it is one of the showpieces within the LimeGreen portfolio and demonstrates how rewarding a journey with LimeGreen can be.

Waterproof. Resilient. Stylish. Quiet underfoot.

LimeGreen's Luxury Vinyl Tiles blend the look of real wood with advanced flooring technology. Choose from a curated range of wood-inspired designs: honey, caramel, smokey grey, and more, featuring authentic textures with knots, grains, and fillers for a timeless yet contemporary finish.

Engineered for durability, our vinyl planks are scratch and dent resistant, easy to clean, and effortless to install - available in both gluedown and rigid SPC Click-lock systems with built-in sound reduction. Compatible with underfloor heating, they add comfort, warmth, and quiet to any space.

With minimal maintenance and long-lasting performance, LimeGreen floors are designed to meet the demands of real life, beautifully.

These exquisite wood effect wall and floor tiles, with colours to match your perfect space, can be used just about anywhere. And, being waterproof, they are an excellent solution for the kitchen and bathroom.

Breathe Easier About Your Flooring.

All of our luxury vinyl tiles have been tested for formaldehyde emissions and levels.

Modern Texture, Timeless Appeal.

We supplied these exquisite 'Pop' tiles from the imported Sartoria range. These 3-D tiles bring depth, texture and a modern twist to the space creating a bold backdrop for this cozy coffee haven.

Whether you are grabbing your morning brew or snapping that perfect latte pic, the walls are part of the vibe!
